

## NEW FREIGHT RATES GOING INTO EFFECT

Salt Lake Will Even Up With  
the Coast on July  
10.

Effective July 10, the Southern Pacific and Western Pacific railways will publish a new scale of freight rates, beginning at the first station west of Wendover on the Western Pacific and Montella on the Southern Pacific. The reductions run all the way from a few cents per 100 pounds at the nearby points to 39 cents. The largest cut is to Galconada, Nev., the half-way point between Ogden and Sacramento, the old scale being \$1.54, the new one \$1.15, first class.

The new tariffs are the result of negotiations begun more than a year ago by the Commercial club traffic bureau officers and J. P. Reeves of the Oregon Short Line and S. B. Deorah of the Western Pacific. The rates obtained puts the Salt Lake and Ogden jobber and manufacturer on an equal footing with San Francisco at the half-way point in Nevada, which is Winnemucca. In other words, the Salt Lake and Ogden man will have the advantage in the freight rates east of Winnemucca and Galconada, and the San Francisco and Sacramento people west of those towns.

These rates with the schedule secured some time ago on the Oregon Short Line north of Pocatello puts the Salt Lake jobber in good shape north and west of his home town.

S. H. Love, president, and W. S. McCarthy, secretary of the bureau, are particularly well pleased with the new schedules and say that a lot of credit is due to Messrs. Reeves and Deorah for their efforts in bringing about the new deal.

The bureau officers mentioned also expect a decision in the long delayed "fourth section" cases next Monday by the United States supreme court.

#### Take Plenty of Time to Eat.

There is a saying that "rapid eating is slow suicide." If you have formed the habit of eating too rapidly you are most likely suffering from indigestion or constipation, which will result eventually in serious illness unless corrected. Digestion begins in the mouth. Food should be thoroughly masticated and insalivated. Then when you have a fullness of the stomach or feel dull and stupid after eating, take one of Chamberlain's Tablets. Many severe cases of stomach trouble and constipation have been cured by the use of these tablets. They are easy to take and most agreeable in effect. Sold by all dealers. (Advertisement.)

#### Murder Charge Dismissed.

The state of Utah's official concern with C. M. Christensen, accused of murder in the first degree for the killing of his wife, Christina Christensen, was concluded yesterday morning when Judge F. C. Leach of the district court dismissed the charge and ordered the case stricken. Christensen committed suicide in the county jail last Wednesday morning.

#### Hotel Room Robbed.

Complaint was made to the police yesterday morning by J. C. Rannell, 47 years of age, that his room at the Metropolitan hotel had been ransacked by a sneak thief. Rannell told of the loss of a pair of gold cuff buttons, a gold stick-pin, a razor and valuable papers. The thief is thought to have entered the room by means of a skeleton key.

## FLAG DAY WILL BE OBSERVED BY ELKS

Interesting Patriotic Programme Arranged for Event.

Today is the anniversary of the date of the adoption of the American flag by the United States. It is known as Flag day and is universally observed and celebrated by every town, village and hamlet in the country. Especially impressive will be the exercises of the Elks lodge in honor of the flag which they have made the emblem of their organization.

The exercises will consist of the B. F. O. E. lodge room on State street promptly at 8:15 this evening, and will not only be for members of the lodge, but for the general public as well. Special invitations have been sent to the Grand Army posts and to the governor and state officers. Some of the best speakers in the city are on the programme and the vocal soloist of the evening will be Mrs. Emma Ramsay Morris. Following is the programme:

## LOBBY PROBERS ARE FINDING NEW TRAILS

(Continued from Page One.)

derwood before the Baltimore convention.

Senator Cummins cross-examined Mr. Palmer at length about the details of his newspaper campaign and developed that to the best knowledge of the witness many of the big interests of the country were engaged in similar efforts to mold the opinion of the country. The question of who was responsible for an alleged secret order for the publication of a public document of a date prepared by Truman G. Palmer in "Sugar at a Glance," bobbed up before adjournment.

Chairman Overman announced that the committee intended to call Ansel Wold, printing clerk of the senate. Statements made to him and to Mr. Nelson by Mr. Wold, he said, showed that only one order had been made by the senate although two are alleged to have been made.

Mr. Palmer had been on the stand for several hours when Senator Cummins led him into a description of what he knew of other publicity campaigns like his own.

"I understand the same concern that we used, the American Press association, was used by both Mr. Wilson and Mr. Underwood in their nominating campaigns in the same way," said the witness. "I am speaking of campaigns that are made to affect public opinion, which in turn affect legislation."

#### Used by Bankers.

Senator Cummins went on record as asking if the banking and railroad interests in New York did not employ money to do "the very thing" that he had been doing, "to create a public opinion that shall be of a certain kind."

"I have heard it so stated," stated Mr. Palmer.

"And it is true of all large interests, is it not?" Mr. Cummins asked.

"That is true."

"Can you give the committee the names of these persons so that we can get them here and round up the whole business of trying to color public opinion in this way?"

"From my general experience I do not think you would have enough space in this room for them all, if you could get them altogether, but I have no personal information as to who the men are."

#### All Interests Involved.

"It is general knowledge that any quantity of large interests are doing that thing?" Senator Cummins asked.

"We never would have thought of it had it not been that others were doing it, and it seemed to be a general thing with the American Press association," said Mr. Palmer.

The two gentlemen who came to me were particular to impress upon me that they were doing this work for Mr. Wilson and Mr. Underwood, prior to the nomination."

"Do you mean in their campaigns for nomination?"

"That is what I was told."

"Are there any other such associations?" asked Senator Cummins.

"A great many."

"Can you give up the names of some of these?"

"The Western Newspaper Union in Chicago is one and the American has branch offices in the different states."

**Employed by Sugar Men.**

A. G. Robinson of Washington and F. R. Hathaway of Detroit were examined by the committee today. Robinson said he had written for Cuban sugar men an article afterwards printed in booklet form which was circulated among senators, representatives and others. He had also written several magazine and newspaper articles on sugar.

Mr. Hathaway said he was secretary of the Michigan Sugar company, a concern with six constituent companies capitalized at \$12,500,000, of which \$11,000,000 had been issued. He has been in Washington since March, received a salary of \$7700 as secretary, had talked with many senators about the sugar provision of the tariff bill and had filed a brief with the finance subcommittee in charge of the sugar section. He tried to see Secretary Redfield but had been told by Assistant Secretary Sweet that the sugar subject should be settled.

He testified that the American Sugar Refining company owned between 33

THREE FIRES WITHIN FORTY-SIX MINUTES

This Is Record Made in Salt Lake City Last Night; Losses Are Small.

Three fires within forty-six minutes last night caused the fire department much work. Although none of the blazes caused serious damage, the advantage of speeding from, as well as to, a fire was clearly shown. The first alarm was received at 9:05 o'clock. The fire was at 317 South West Temple and was caused, it is said, by the careless throwing of a cigar stub. The damage was estimated at \$25.

Fire No. 2 was at 153 East Fourth South street and the alarm was received at 9:35. Observed from the apparatus on the way to the fire, the glare in the heavens caused the firemen to think that the entire south end of the city was bordering on destruction. As it was a small summer kitchen at the rear of a vacant house was burned nearly to the ground. The loss was estimated at \$100.

The third fire was reported at fire department headquarters at 9:51 o'clock before the apparatus had all returned from the Fourth South street fire. The blaze was on the roof of the new dancing pavilion at Majestic park. A large tar mop, having been used to put tar on the roof, caught ablaze by spontaneous combustion. The fire was extinguished without loss.

To Raise N. E. A. Funds.

In order to raise money for the N. E. A. convention, the city school officials and management of Saltair have arranged for a children's day at the beach.

Tuesday. An extensive programme has been prepared, including the beautiful Maypole dance which was a feature of the field day exercises last week. The dances will be given in the large open space in front of the main pavilion.

A most interesting week at the Colonial closes at that house with this afternoon and tonight's performances of "The Grain of Dust" by Mr. Kelly and his company. The drama has been reported for each show. The attraction has proved one of the best of the season and will close tonight with a splendid record. This afternoon and tonight will afford the last opportunity to see Ada Dwyer, the noted character woman, in the part of Kate Fallon, or "Frisco Kate."

Manager C. N. Sutton has prepared to take personal charge of the enormous crowds that are sure to put in an appearance at the Empress for the matinee today, because of the many unusual features that the programme has to offer.

those who are looking for genuine, good, clean and wholesome entertainment, especially fitted for the amusement of ladies and children, will find the feature of the bill is the raving, howling troupe of Arabs direct from the Arabian desert.

"The Passing Show of 1912," which comes here next Monday night, is designed to present a review of the comic aspects of many important events, theatrical, political and historical. The review from the New York Winter garden—patterned after the Parisian idea of a kaleidoscopic almanac—is in two acts. Many scenic novelties are promised and the action, it is said, never lags.
